THE WORLD CANNOT PRODUCE STRONGER EVIDENCE THAN THIS, kindly handed to us by J. STOCKBRIDGE, esq., of the Fountain Hotel, Light street, a gentleman extensively and favorably known. all diseases from impure blood.

Baltimore, June 4, 1851.

Mr. Stockbridge of the Fountain Hotel, Light street, Baltimore.

Dear Sir: Being on the point of leaving the city, I avail myself of a few idle moments to thank you kindly for the medicine you sent me, and which has restored me to the use of my limbs. I beg you to send me four bottles more, to carry on my voyage. Since I had the fortune to use Dr. Hampton's Vegetable Tincture my confidence is so strong that, in gratitude to the proprietors of said medicine, I beg you to present my respects to them, and induce them to make it more publicly known as a sure Rheumatic cure. Having called on me on the 19th of April last, and seen me prostrated on my bed, useless in all my limbs, you can appreciate nearly as well as myself the prompt relief I received from Dr. Hampton's Tincture, and I am positive had it not been for your strong and foreible recommendations I should still have been in bed.

It is really a pity this specific should not be approved by medical men, and like all patent drugs it should suffer the imputation the public generally give to such preparations. I myself, who was always opposed to a patented specific, took this medicine with reluctance, and without confidence in it, and it was only through your disinterested, friendly recommendations, and my critical situation, that induced me to try this really beneficial Vegetable Tincture.

You may inform Messrs. Mortimer & Mowbray that

Tincture. You may inform Messrs. Mortimer & Mowbray that they are at liberty to make use of my name in the support of the good effects of Dr. Hampton's Vegetable Tincture, as it has cured me, in five weeks, of a chronic Inflammatory Rheumatime, contracted under tropical ctimates, and of seven years' periodical duration. I have only used three bottles, and find that even the deformed parts of my hands are fast returning to their former natural appearance.

of my hands are fast returning to their solutions appearance.

I have been under the treatment of several physicians in London and Paris, without any apparent benefit; also, while in New York, having tried the Thompsonian and Homepathic remedies, after having been tormented with galvanic batteries, cold and aromatic baths, and hundreds of internal and external medicines, all to no effect. I am, so far, cured by this Hampton's Vegetable Tincture only. Therefore, my dear sir, accept of the assurance of my gratitude, and believe me your well-wisher.

[Signed] THOMAS CANOT.

WONDERFUL CURE OF HEREDITARY SCROFULA

WONDERFUL CURE OF HEREDITARY SCROFULA!

This certificate is from the pen of a gentleman whose name appears on the journal of Congress—one who is extensively and favorably known:

It affords me pleasure to state that Dr. Jesse Hampton's Tincture has effected a most extraordinary cure of my slave boy Albert. The patient was three years old, and had the Scrofula—(his father is scrofulous.) The boy was a moving mass of sores from head to foot; the upper lide of the eyes were much swollen, and turned inside out, exhibiting horrible mattering ulcers, that protruded over the eye-ball so as to produce blindness. It is strange, yet true, this child—that I felt resigned to see die as a relief from suffering—has been restored to health under the treatment of Dr. Hampton.

MEXICO.—The foreign creditors of Mexico have chosen an unfortunate time for pressing their claims so authoritatively, through their ministers. The government of Mexico cannot find money enough to keep up its own authority, much less pay its old debts. Revolutionary attempts are continually occurring in the country; one is no sooner suppressed than another bursts out, showing lack of vigor and means on the part of the government to prevent such occurrences. The ministers of France, England and Spain have asserted that, unless payment be speedily made, decisive measures will be taken to obtain payment. Perhaps they will take a desired slice of Mexico, or name some important grant as an equivalent, which will ens those countries to control the commerce which it is expected will take some of the Mexican routes to the Pacific. This may be one of the reasons why the grant to Garay was so uncere-moniously repealed or set aside.—Phil. Ledger.

BLACKWOOD'S MAGAZINE, RRITISH OHARTERLY REVIEWS

BRITISH QUARTERLY REVIEWS.

Owing to the late revolutions and counter-revolutions among the nations of Europe, which have followed each other in such quick succession, and of which "the end is not yet," the leading periodicals of Great Britain have become invested with a degree of interest hitherto unknown. They occupy a middle ground between the hasty, disjointed, and necessarily imperfect records of the newspapers, and the elaborate and ponderous treaties to be furnished by the historian at a future day. Whoever reads these periodicals obtains a correct and connected account of all the important political events of the Old World, as they occur, and learns the various conclusions drawn from them by the leading spirits of the age. The American publishers therefore deem it proper to call renewed attention to the works they publish, and the very low prices at which they are offered to subscribers. The following is their list, viz:

THE LONDON QUARTERLY REVIEW,
THE EDINGUEGE REVIEW,
THE NORTH BUTTER REVIEW,
THE WESTMINSTER REVIEW,
THE WESTMINSTER REVIEW,
THE WESTMINSTER REVIEW,
AND HEAD THE WESTMINSTER REVIEW,
In these periodicals are contained the views, moderately though clearly and firmly expressed, of the three greatest parties in England—Tory, Whig, and Radical; "Blackwood" and the "London Quarterly" are Tory, the "Edinburgh Review" Whig, and the "Westminster Review" Liberal. The "North British Review" owes its establishment to the last great ecclesisatical movement in Scotland, and is not ultra in its views on any one of the grand departments of human knowledge. It was originally edited by Dr. Chalmers, and now, since his death, is conducted by his son-in-law, Dr. Hanna, associated with Sir David Brewster. Its literary character is of the very highest order. The "Westminster," though reprinted under that title only, is published in England under the title of the "Foreign Quarterly and Westminster," it being in fact a union of the two Reviews formerly published and reprinted under separate titles. It has, therefore, the advantage, by this combination, of uniting in one work the best features of both, as heretofore issued.

The above Periodicals are reprinted in New York, immediately on their arrival by the British steamers, in a beau-

of both, as heretofore issued.

Amherst College, Dec. 25, 1848.

Mr. Robert Scars—Dear Sir: I have looked over the entire series of your valuable publications with much interest and profit; and am quite surprised at the amount of literary labor you have performed, and the research it must have cost you to obtain so many fine illustrations, while you have an active superintendence of an extensive business. I am also gratified at the decidedly moral and religious influence which your books will exert, and cannot but hope that they will do much to counteract the effects of that light and immoral literature which deluges the land, and, like the frogs of Egypt, comes up even to the kneading troughs of our kitchens. May you live long to follow your plans.

Respectfully and sincerely, your obliged servant, EDWARD HITCHCOCK.
